# 1. FUNDING OPPORTUNITY DESCRIPTION

## 1. INTRODUCTION

The Substance Abuse and Mental Health Services Administration, Center for Substance Abuse Prevention, is accepting applications for fiscal year (FY) 2009 for Sober Truth on Preventing Underage Drinking Act (STOP Act) grants. The purpose of this program is to prevent and reduce alcohol use among youth in communities throughout the United States. It was created to strengthen collaboration among communities, the Federal Government, and State, local and tribal governments; to enhance intergovernmental cooperation and coordination on the issue of alcohol use among youth; to serve as a catalyst for increased citizen participation and greater collaboration among all sectors and organizations of a community that first demonstrates a long-term commitment to reducing alcohol use among youth; and to disseminate to communities timely information regarding state-of-the-art practices and initiatives that have proven to be effective in preventing and reducing alcohol use among youth.

According to the *Surgeon General's Call to Action to Prevent and Reduce Underage Drinking* (<http://www.surgeongeneral.gov/topics/underagedrinking/calltoaction.pdf>), cultural change is necessary to prevent and reduce underage drinking. The *Call to Action* points out that culture is complex, however, and changing it requires sustained efforts on the part of multiple segments of society. In addition, the culture around underage drinking is especially difficult to change because alcohol use is embedded in American society. The responsibility for preventing and reducing underage alcohol use belongs to everyone in the United States. Successfully addressing the public health problem of underage drinking will require cooperation, coordination and collaboration among various community sectors including local government, criminal justice, education, business, religious or fraternal organizations, civic or volunteer organizations, healthcare professionals, media, parents, youth, and other organizations involved in reducing substance abuse.

Prevention research indicates that community coalitions are best suited to implement environmental-level strategies which address the broader culture and context within which decisions are made about underage drinking, and to create wide-scale community change, rather than implementing strategies that are designed to effect individual level change. **Therefore, grantees must focus on environmental strategies for preventing and reducing underage drinking, and grantees and coalition member organizations should continue to seek other funding sources to implement individual (non-environmental) change strategies that are a part of a comprehensive community plan.**

STOP Act grants are authorized under the Public Health Service (PHS) Act (42 U.S.C. 290bb–25b), Section 519B. This announcement addresses Healthy People 2010 focus area 26 (Substance Abuse).

## **2. EXPECTATIONS**

### **2.1 Required Activities**

Applicants are required to select activities that are consistent with the strategies identified in the 2007 *Surgeon General's Call to Action to Prevent and Reduce Underage Drinking* that seek to change the environment within which underage drinking takes place, such as changing community norms regarding alcohol use by youth, reducing opportunities for underage drinking by limiting youth access to alcohol, creating changes in underage drinking enforcement efforts, addressing penalties for underage use, and/or reducing the prevalence of negative consequences associated with underage drinking (such as motor vehicle crashes, sexual assaults, etc.).

Applicants must address community underage drinking problems by building on strategic plans that were developed previously under a DFC grant, including a community needs assessment, an implementation plan, a method to collect data, evaluate, monitor, and improve strategies being implemented to create measurable outcomes. Grantees whose strategic plans were not developed using the Strategic Prevention Framework (SPF) process will be expected to adapt their plan using a process consistent with the SPF.

#### **Strategic Prevention Framework**

SAMHSA's Strategic Prevention Framework (SPF) is a five-step evidence-based process for community planning and decision-making. The five-step process includes:

- 1) needs assessment (profile community needs);
- 2) capacity building (mobilize/build capacity to address community needs);
- 3) planning (develop a comprehensive strategic plan);
- 4) implementation (implement the plan with multiple interventions); and
- 5) evaluation (monitor, sustain, improve, or replace prevention strategies).

Applicants must describe how they will build on the 5 steps of the SPF to carry out their proposed project in "Section B: Proposed Approach" of the Project Narrative.

### **2.2 Data Collection and Performance Measurement**

All SAMHSA grantees are required to collect and report certain data so that SAMHSA can meet its obligations under the Government Performance and Results Act (GPRA). You must document your ability to collect and report the required data in "Section D: Performance Assessment and Data" of your application. Grantees will be required to report performance on the four core measures below and across at least three grades from grades 6 through 12. The size of the data collection must be sufficient to provide an accurate and meaningful statistical representation of the geographic areas served by the DFC coalition. Grantees will be expected to report on their performance data every 2 years.

- **Age of onset** of any drug use (including alcohol, marijuana, and tobacco);
- **Frequency of use** in the past 30 days (including alcohol, marijuana, and tobacco);
- **Perception of risk** or harm (including alcohol, marijuana, and tobacco); and
- **Perception of parental disapproval** (including alcohol, marijuana, and tobacco).

Reporting will be accomplished using the Coalition Online Management and Evaluation Tool (COMET) system. The collection of these data will enable CSAP to report on the National Outcome Measures (NOMs), which have been defined by SAMHSA as key priority areas relating to substance use.

Performance data will be reported to the public, the Office of Management and Budget (OMB) and Congress as part of SAMHSA's budget request.

### **2.3 Performance Assessment**

Grantees must periodically review the performance data they report to SAMHSA (as required above) and assess their progress and use this information to improve management of their grant projects. The assessment should be designed to help you determine whether you are achieving the goals, objectives and outcomes you intend to achieve and whether adjustments need to be made to your project. You will be required to report on your progress achieved, barriers encountered, and efforts to overcome these barriers in a performance assessment report to be submitted at least annually. This will be accomplished through the regular progress reporting required during the application process for annual funding renewal.

At a minimum, the performance assessment should include the required performance measures identified above. Grantees may also consider outcome and process questions, such as the following:

#### *Outcome Questions:*

- What was the effect of the strategies implemented?
- What contextual factors were associated with outcomes?
- What individual factors were associated with outcomes?
- How durable were the effects?

#### *Process Questions:*

- How closely did implementation match the plan?
- What types of deviation from the plan occurred?
- What led to the deviations?

- What effect did the deviations have on the planned intervention and performance assessment?
- Who provided (staff/volunteers/coalitions members) what programs, practices or policies were implemented, to whom (individual characteristics), in what context (system, community), and at what cost (facilities, personnel, dollars)?

**No more than 20% of the total grant award may be used for data collection, performance measurement, and performance assessment, e.g., activities required in Sections I-2.2 and 2.3 above.**

## **2.4 Grantee Meetings**

There is no requirement to attend a designated grantee meeting for this grant. SAMHSA may encourage grantees to attend identified trainings sponsored by or supported by organizations represented on the Interagency Coordinating Council to Prevent Underage Drinking such as trainings conducted by the National Coalition Institute or the Office of Juvenile Justice and Delinquency Prevention (OJJDP) Enforcing Underage Drinking Laws (EUDL) Program. Grantees may include funding plans to attend regional and/or national trainings that focus on underage drinking issues utilizing funds from this grant. No more than 10% of grant funds may be used for this purpose.

## **2.5 Disclosure of Drug-Free communities Grant**

All current and former grantee organizations are required to complete the form in Appendix E of this RFA (“Disclosure of Drug-Free Communities Grant”) and submit it in **Appendix 4** of their application or **the application will be screened out and will not be reviewed**. Information submitted in this form will be verified by CSAP staff before awards are made.

## **II. AWARD INFORMATION**

<b>Funding Mechanism:</b>	Grant
<b>Anticipated Total Available Funding:</b>	Approximately \$1 million
<b>Estimated Number of Awards:</b>	Approximately 20 awards
<b>Estimated Award Amount:</b>	Up to \$ 50,000 per year
<b>Length of Project Period:</b>	Up to four years

**Proposed budgets cannot exceed \$50,000 in total costs (direct and indirect) in any year of the proposed project.** Annual continuation awards will depend on the availability of funds, grantee progress in meeting project goals and objectives, timely submission of required data and reports, and compliance with all terms and conditions of award.

### **III. ELIGIBILITY INFORMATION**

#### **1. ELIGIBLE APPLICANTS**

Federal law prohibits the use of appropriated funds for publicity or propaganda purposes or for the preparation, distribution, or use of the information designed to support or defeat legislation pending before the Congress or State legislatures. This includes “grass roots” lobbying, which consists of appeals to members of the public suggesting that they contact their elected representatives to indicate their support for or opposition to pending legislation or to urge those representatives to vote in a particular way. If no lobbying is to be disclosed, mark N/A on the form.

#### 4. INTERGOVERNMENTAL REVIEW (E.O. 12372) REQUIREMENTS

This grant program is covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (DHHS) regulation at 45 CFR Part 100. Under this Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. Certain jurisdictions have elected to participate in the EO process and have established State Single Points of Contact (SPOCs). A current listing of SPOCs is included in the application kit and can be downloaded from the Office of Management and Budget (OMB) Web site at [www.whitehouse.gov/omb/grants/spoc.html](http://www.whitehouse.gov/omb/grants/spoc.html).

- Check the list to determine whether your State participates in this program. You **do not** need to do this if you are an American Indian/Alaska Native Tribe or tribal organization.
- If your State participates, contact your SPOC as early as possible to alert him/her to the prospective application(s) and to receive any necessary instructions on the State's review process.
- For proposed projects serving more than one State, you are advised to contact the SPOC of each affiliated State.
- The SPOC should send any State review process recommendations to the following address within 60 days of the application deadline. **For United States Postal Service:** Crystal Saunders, Director of Grant Review, Office of Program Services, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD **20857**. ATTN: SPOC – Funding Announcement No. SP-09-007. Change the zip code to **20850** if you are using another delivery service.

In addition, if you are a community-based, non-governmental service provider and you are not transmitting your application through the State, you must submit a Public Health System Impact Statement (PHSIS)<sup>1</sup> to the head(s) of appropriate State and local health agencies in the area(s) to be affected no later than the application deadline. The PHSIS is intended to keep State and local health officials informed of proposed health services grant applications submitted by community-based, non-governmental organizations within their jurisdictions. If you are a State or local government or American Indian/Alaska Native Tribe or tribal organization, you are not subject to these requirements.

---

<sup>1</sup> Approved by OMB under control no. 0920-0428; Public reporting burden for the Public Health System Reporting Requirement is estimated to average 10 minutes per response, including the time for copying the face page of SF 424 v2 and the abstract and preparing the letter for mailing. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. - a summary of the project, no longer than one page in length, that provides: 1) a description of the population to be served; 2) a summary of the services to be provided; and 3) a description of the coordination planned with appropriate State or local health agencies.

For SAMHSA grants, the appropriate State agencies are the Single State Agencies (SSAs) for substance abuse and mental health. A listing of the SSAs can be found on SAMHSA's Web site at [www.samhsa.gov/grants/ssadirectory.pdf](http://www.samhsa.gov/grants/ssadirectory.pdf). If the proposed project falls within the jurisdiction of more than one State, you should notify all representative SSAs.

If applicable, you must include a copy of a letter transmitting the PHSIS to the SSA in **Appendix 1, "Letter to the SSA."** The letter must notify the State that, if it wishes to comment on the proposal, its comments should be sent no later than 60 days after the application deadline to the following address. **For United States Postal Service:** Crystal Saunders, Director of Grant Review, Office of Program Services, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD **20857**. ATTN: SSA – Funding Announcement No. SP-09-007. Change the zip code to **20850** if you are using another delivery service.

In addition:

- Applicants may request that the SSA send them a copy of any State comments.
- The applicant must notify the SSA within 30 days of receipt of an award.

## V. APPLICATION REVIEW INFORMATION

### 1. EVALUATION CRITERIA

The Project Narrative describes what you intend to do with your project and includes the Evaluation Criteria in Sections A-D below. Your application will be reviewed and scored according to the quality of your response to the requirements in Sections A-D.

- In developing the Project Narrative section of your application, use these instructions which have been tailored to this program. **These are to be used instead of the “Program Narrative” instructions found in the PHS 5161-1.**
- The Project Narrative (Sections A-D) together may be no longer than 25 pages.
- You must use the four sections/headings listed below in developing your Project Narrative. Be sure to place the required information in the correct section, **or it will not be considered**. Your application will be scored according to how well you address the requirements for each section of the Project Narrative.
- Reviewers will be looking for evidence of cultural competence in each section of the Project Narrative, and will consider how well you address the cultural competence aspects of the evaluation criteria when scoring your application. SAMHSA’s guidelines for cultural competence can be found on the SAMHSA Web site at [www.samhsa.gov](http://www.samhsa.gov). Click on “Grants/Applying for a New SAMHSA Grant/Guidelines for Assessing Cultural Competence.”
- The Supporting Documentation you provide in Sections E and F and Appendices 1 through 5 will be considered by reviewers in assessing your response, along with the material in the Project Narrative.
- The number of points after each heading is the maximum number of points a review committee may assign to that section of your Project Narrative. Although scoring weights are not assigned to individual bullets, applicants are encouraged to respond to each bulleted statement.

- Identify any cash or in-kind contributions that will be made to the project by the applicant or partnering organizations.

## **Section D: Performance Assessment and Data (15 points)**

- Provide a plan for how you will collect data on the four core measures to demonstrate population-level change. Identify data that will be collected to provide regular feedback to the project to determine if the goals of the new program are being met. The evaluation should include both process and outcome requirements. Include copies of the instruments and/or protocols you will use in **Appendix 1** of your application and copies of consent forms in **Appendix 2**.

**NOTE: Although the budget for the proposed project is not an evaluation criterion, the review group will be asked to comment on the appropriateness of the budget after the merits of the application have been considered.**

## **SUPPORTING DOCUMENTATION**

### **Section E: Biographical Sketches and Job Descriptions.**

- Include a biographical sketch for the project director and for other key positions. Each sketch should be 2 pages or less. If the person has not been hired, include a position description and/or letter of commitment with a current biographical sketch from the individual.
- Include job descriptions for key personnel. Job descriptions should be no longer than 1 page each.
- Information on what should be included in biographical sketches and job descriptions can be found on page 22, Item 6, in the Program Narrative of the PHS 5161-1 instruction page, available at [www.hhs.gov/forms/PHS-5161-1.doc](http://www.hhs.gov/forms/PHS-5161-1.doc).

**Section F: Budget Justification, Existing Resources, Other Support.** You must provide a narrative justification of the items included in your proposed budget, as well as a description of existing resources and other support you expect to receive for the proposed project. Be sure to show that no more than 20% of the total grant award will be used for data collection and performance assessment. An illustration of a budget and narrative justification is included in Appendix D of this document.

## **2. REVIEW AND SELECTION PROCESS**

SAMHSA applications are peer-reviewed according to the evaluation criteria listed above.

Decisions to fund a grant are based on:

- the strengths and weaknesses of the application as identified by peer reviewers;
- availability of funds; and
- equitable distribution of awards in terms of geography (including urban, rural and remote settings) and balance among populations of focus and program size.

## VI. ADMINISTRATION INFORMATION

### 1. AWARD NOTICES

After your application has been reviewed, you will receive a letter from SAMHSA through postal mail that describes the general results of the review, including the score that your application received.

If you are approved for funding, you will receive an **additional** notice through postal mail, the Notice of Award (NoA), signed by SAMHSA's Grants Management Officer. The Notice of Award is the sole obligating document that allows you to receive Federal funding for work on the grant project.

If you are not funded, you may re-apply if there is another receipt date for the program.

### 2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

- If your application is funded, you must comply with all terms and conditions of the grant award. SAMHSA's standard terms and conditions are available on the SAMHSA Web site at <http://www.samhsa.gov/grants/management.aspx>.
- If your application is funded, you must also comply with the administrative requirements outlined in 45 CFR Part 74 or 45 CFR Part 92, as appropriate. For more information see the SAMHSA Web site (<http://www.samhsa.gov/grants/management.aspx>).
- Depending on the nature of the specific funding opportunity and/or your proposed project as identified during review, SAMHSA may negotiate additional terms and conditions with you prior to grant award. These may include, for example:
  - actions required to be in compliance with confidentiality and participant protection/human subjects requirements;
  - requirements relating to additional data collection and reporting;
  - requirements relating to participation in a cross-site evaluation; or
  - requirements to address problems identified in review of the application.
- If your application is funded, you will be held accountable for the information provided in the application relating to performance targets. SAMHSA program officials will consider your progress in meeting goals and objectives, as well as your failures and strategies for overcoming them, when making an annual recommendation to continue the grant and the amount of any continuation award. Failure to meet stated goals and objectives may result in suspension or termination of the grant award, or in reduction or withholding of continuation awards.

- Grant funds cannot be used to supplant current funding of existing activities. “Supplant” is defined as replacing funding of a recipient’s existing program with funds from a Federal grant.
- In an effort to improve access to funding opportunities for applicants, SAMHSA is participating in the U.S. Department of Health and Human Services “Survey on Ensuring Equal Opportunity for Applicants.” This survey is included in the application kit for SAMHSA grants and is posted on the SAMHSA Web site. You are encouraged to complete the survey and return it, using the instructions provided on the survey form.

### **3. REPORTING REQUIREMENTS**

In addition to the data reporting requirements listed in Section I-2.2, you must comply with the following reporting requirements:

#### **3.1 Progress and Financial Reports**

- You will be required to submit semi-annual and final progress reports, as well as annual and final financial status reports.
- Because SAMHSA is extremely interested in ensuring that treatment and prevention services can be sustained, your progress reports should explain plans to ensure the sustainability of efforts initiated under this grant.
- If your application is funded, SAMHSA will provide you with guidelines and requirements for these reports at the time of award and at the initial grantee orientation meeting after award. SAMHSA staff will use the information contained in the reports to determine your progress toward meeting its goals.

#### **3.2 Government Performance and Results Act (GPRA)**

The Government Performance and Results Act (GPRA) mandates accountability and performance-based management by Federal agencies. To meet the GPRA requirements, SAMHSA must collect performance data (i.e., “GPRA data”) from grantees. The performance assessment requirements for SAMHSA’s **Sober Truth on Preventing Underage Drinking Act grant program** are described in Section I-2.2 of this document under “Data Collection and Performance Measurement.”

### **3.3 Publications**

If you are funded under this grant program, you are required to notify the Government Project Officer (GPO) and SAMHSA's Publications Clearance Officer (240-276-2130) of any materials based on the SAMHSA-funded grant project that are accepted for publication.

In addition, SAMHSA requests that grantees:

- Provide the GPO and SAMHSA Publications Clearance Officer with advance copies of publications.
- Include acknowledgment of the SAMHSA grant program as the source of funding for the project.
- Include a disclaimer stating that the views and opinions contained in the publication do not necessarily reflect those of SAMHSA or the U.S. Department of Health and Human Services, and should not be construed as such.

SAMHSA reserves the right to issue a press release about any publication deemed by SAMHSA to contain information of program or policy significance to the substance abuse treatment/substance abuse prevention/mental health services community.

## Appendix A – Checklist for Formatting Requirements and Screenout Criteria for SAMHSA Grant Applications

*SAMHSA's goal is to review all applications submitted for grant funding. However, this goal must be balanced against SAMHSA's obligation to ensure equitable treatment of applications. For this reason, SAMHSA has established certain formatting requirements for its applications. If you do not adhere to these requirements, your application will be screened out and returned to you without review.*

- Use the PHS 5161-1 application form.
- Applications must be received by the application due date and time, as detailed in Section IV-3 of this grant announcement.
- Information provided must be sufficient for review.
- Text must be legible. Pages must be typed in black ink, single-spaced, using a font of Times New Roman 12, with all margins (left, right, top, bottom) at least one inch each. (For Project Narratives submitted electronically, see separate requirements in Section IV-6 of this announcement under “Submission of Electronic Applications.”)
- To ensure equity among applications, page limits for the Project Narrative cannot be exceeded.
- Paper must be white paper and 8.5 inches by 11.0 inches in size.

*To facilitate review of your application, follow these additional guidelines. Failure to adhere to the following guidelines will not, in itself, result in your application being screened out and returned without review. However, the information provided in your application must be sufficient for review. Following these guidelines will help ensure your application is complete, and will help reviewers to consider your application.*

- The 10 application components required for SAMHSA applications should be included and submitted in the following order:
  - Face Page (Standard Form 424 v2, which is in PHS 5161-1)
  - Abstract
  - Table of Contents
  - Budget Form (Standard Form 424A, which is in PHS 5161-1)
  - Project Narrative and Supporting Documentation
  - Appendices

- Assurances (Standard Form 424B, which is in PHS 5161-1)
- Certifications
- Disclosure of Lobbying Activities (Standard Form LLL, which is in PHS 5161-1)
- Checklist (a form in PHS 5161-1)
- Applications should comply with the following requirements:
  - Provisions relating to confidentiality and participant protection specified in Section V-1 of this announcement.
  - Budgetary limitations as specified in Sections I, II, and IV-5 of this announcement.
  - Documentation of nonprofit status as required in the PHS 5161-1.
- Pages should be typed single-spaced in black ink with one column per page. Pages should not have printing on both sides.
- Pages should be numbered consecutively from beginning to end so that information can be located easily during review of the application. The abstract page should be page 1, the table of contents should be page 2, etc. The four pages of Standard form 424 v2 are not to be numbered. Appendices should be labeled and separated from the Project Narrative and budget section, and the pages should be numbered to continue the sequence.
- The page limits for Appendices stated in Section IV-2.2 of this announcement should not be exceeded.
- Send the original application and two copies to the mailing address in Section IV-6 of this document. Please do not use staples, paper clips, and fasteners. Nothing should be attached, stapled, folded, or pasted. Do not use heavy or lightweight paper or any material that cannot be copied using automatic copying machines. Odd-sized and oversized attachments such as posters will not be copied or sent to reviewers. Do not include videotapes, audiotapes, or CD-ROMs.

## Appendix B – Guidance for Electronic Submission of Applications

If you would like to submit your application electronically, you may search [www.Grants.gov](http://www.Grants.gov) for the downloadable application package by the funding announcement number (called the opportunity number) or by the Catalogue of Federal Domestic Assistance (CFDA) number. You can find the CFDA number on the first page of the funding announcement.

You must follow the instructions in the User Guide available at the [www.Grants.gov](http://www.Grants.gov) apply site, on the Help page. In addition to the User Guide, you may wish to use the following sources for help:

- By e-mail: [support@Grants.gov](mailto:support@Grants.gov)
- By phone: 1-800-518-4726 (1-800-518-GRANTS). The Customer Support Center is open from 7:00 a.m. to 9:00 p.m. Eastern Time, Monday through Friday, excluding Federal holidays.

**If this is the first time you have submitted an application through Grants.gov, you must complete four separate registration processes before you can submit your application. Allow at least two weeks (10 business days) for these registration processes, prior to submitting your application.** The processes are: 1) DUNS Number registration; 2) Central Contractor Registry (CCR) registration; 3) Credential Provider registration; and 4) Grants.gov registration. **REMINDER: CCR registration expires each year and must be updated annually.**

**It is strongly recommended that you submit your grant application using Microsoft Office 2003 products (e.g., Microsoft Word 2003, Microsoft Excel, etc.). The new Microsoft Vista operating system and Microsoft Word 2007 products are not currently accepted by Grants.gov.** If you do not have access to Microsoft Office 2003 products, you may submit PDF files. Directions for creating PDF files can be found on the Grants.gov Web site. Use of file formats other than Microsoft Office or PDF may result in your file being unreadable by our staff.

The Project Narrative must be a separate document in the electronic submission. Formatting requirements for SAMHSA grant applications are described in Appendix A of this announcement. These requirements also apply to applications submitted electronically, with the following exceptions only for Project Narratives submitted electronically in Microsoft Word. These requirements help ensure the accurate transmission and equitable treatment of applications.

- *Text legibility:* Use a font of Times New Roman 12, line spacing of single space, and all margins (left, right, top, bottom) of at least one inch each. Adhering to these standards will help to ensure the accurate transmission of your document.

- *Amount of space allowed for Project Narrative:* The Project Narrative for an electronic submission may not exceed **12,875** words. **If the Project Narrative for an electronic submission exceeds the word limit, the application will be screened out and will not be reviewed.** To determine the number of words in your Project Narrative document in Microsoft Word, select file/properties/statistics.

**Keep the Project Narrative as a separate document. Please consolidate all other materials in your application to ensure the fewest possible number of attachments. Be sure to label each file according to its contents, e.g., “Appendices 1-3”, “Appendices 4-5.”**

Ensure all pages in your application are numbered consecutively, with the exception of the standard forms in the PHS-5161 application package. **Documents containing scanned images must also contain page numbers to continue the sequence.** Failure to comply with these requirements may affect the successful transmission and consideration of your application.

Applicants are strongly encouraged to submit their applications to Grants.gov early enough to resolve any unanticipated difficulties prior to the deadline. After you electronically submit your application, you will receive an automatic acknowledgement from Grants.gov that contains a Grants.gov tracking number. It is important that you retain this number. **Receipt of the tracking number is the only indication that Grants.gov has successfully received and validated your application. If you do not receive a Grants.gov tracking number, you may want to contact the Grants.gov help desk for assistance.**

The Grants.gov Web site does not accept electronic signatures at this time. Therefore, you must submit a signed paper original of the face page (SF 424 v2), the assurances (SF 424B), and hard copy of any other required documentation that cannot be submitted electronically. **You must include the Grants.gov tracking number for your application on these documents with original signatures, on the top right corner of the face page, and send the documents to the following address. The documents must be received at the following address within 5 business days after your electronic submission.** Delays in receipt of these documents may impact the score your application receives or the ability of your application to be funded.

## Appendix C – Funding Restrictions

SAMHSA grant funds must be used for purposes supported by the program and may not be used to:

- Pay for any lease beyond the project period.
- Provide services to incarcerated populations (defined as those persons in jail, prison, detention facilities, or in custody where they are not free to move about in the community).
- Pay for the purchase or construction of any building or structure to house any part of the program. (Applicants may request up to \$75,000 for renovations and alterations of existing facilities, if necessary and appropriate to the project.)
- Provide residential or outpatient treatment services when the facility has not yet been acquired, sited, approved, and met all requirements for human habitation and services provision. (Expansion or enhancement of existing residential services is permissible.)
- Pay for housing other than residential mental health and/or substance abuse treatment.
- Provide inpatient treatment or hospital-based detoxification services. Residential services are not considered to be inpatient or hospital-based services.
- Make direct payments to individuals to induce them to enter prevention or treatment services. However, SAMHSA discretionary grant funds may be used for non-clinical support services (e.g., bus tokens, child care) designed to improve access to and retention in prevention and treatment programs.
- Make direct payments to individuals to encourage attendance and/or attainment of prevention or treatment goals. However, SAMHSA discretionary grant funds may be used for non-cash incentives of up to \$20 to encourage attendance and/or attainment of prevention or treatment goals when the incentives are built into the program design and when the incentives are the minimum amount that is deemed necessary to meet program goals. SAMHSA policy allows an individual participant to receive more than one incentive over the course of the program. However, non-cash incentives should be limited to the minimum number of times deemed necessary to achieve program outcomes. A grantee or treatment or prevention provider may also provide up to \$20 cash or equivalent (coupons, bus tokens, gifts, child care, and vouchers) to individuals as incentives to participate in required data collection follow up. This amount may be paid for participation in each required interview.

- Food is generally unallowable unless it's an integral part of a conference grant or program specific, e.g., children's program, residential.
- Implement syringe exchange programs, such as the purchase and distribution of syringes and/or needles.
- Pay for pharmacologies for HIV antiretroviral therapy, sexually transmitted diseases (STD)/sexually transmitted illnesses (STI), TB, and hepatitis B and C, or for psychotropic drugs.

SAMHSA will not accept a "research" indirect cost rate. The grantee must use the "other sponsored program rate" or the lowest rate available.
