

Department of Health and Human Services

Substance Abuse and Mental Health Services Administration

National Technical Assistance Center for Child and Adolescent Mental Health Cooperative Agreement

**(Short Title: NTAC)
(Initial Announcement)**

Request for Applications (RFA) No. SM-10-006

Catalogue of Federal Domestic Assistance (CFDA) No.: 93.243

Key Dates:

Application Deadline	Applications are due by February 10, 2010.
Intergovernmental Review (E.O. 12372)	Applicants must comply with E.O. 12372 if their State(s) participates. Review process recommendations from the State Single Point of Contact (SPOC) are due no later than 60 days after application deadline.
Public Health System Impact Statement (PHSIS)/Single State Agency Coordination	Applicants must send the PHSIS to appropriate State and local health agencies by application deadline. Comments from Single State Agency are due no later than 60 days after application deadline.

Executive Summary:

The Substance Abuse and Mental Health Services Administration, Center for Mental Health Services is accepting applications for the fiscal year (FY) 2010 National Technical Assistance Center for Child and Adolescent Mental Health Cooperative Agreement (NTAC). The purpose of this program is to serve as a resource and training center to increase the effectiveness of mental health services for children, adolescents and young adults and their families in States, counties, Tribes and Territories. The NTAC will provide technical assistance on systems of care development, implementation, sustainability and related policy issues to current and previously funded grantees of the Comprehensive Community Mental Health Services for Children and Their Families Program, also known as the Children's Mental Health Initiative (CMHI). Technical assistance will also focus on sustainability and expansion of the systems of care. The NTAC will also provide technical assistance to grantees in the State/Community Partnerships to Integrate Services for Youth and Young Adults 16-25 with Serious Mental Health Conditions and Their Families Program (Healthy Transitions Initiative).

Funding Opportunity Title:	NTAC
Funding Opportunity Number:	SM-10-006
Due Date for Applications:	February 10, 2010
Anticipated Total Available Funding:	\$3,500,000
Estimated Number of Awards:	1
Estimated Award Amount:	Up to 3,500,000 per year
Length of Project Period:	Up to 5 years
Eligible Applicants:	Domestic public and private nonprofit entities. [See Section III-1 of this RFA for complete eligibility information.]

I. FUNDING OPPORTUNITY DESCRIPTION

1. INTRODUCTION

The Substance Abuse and Mental Health Services Administration, Center for Mental Health Services is accepting applications for fiscal year the (FY) 2010 National Technical Assistance Center for Child and Adolescent Mental Health Cooperative Agreement (NTAC). The purpose of this program is to serve as a resource and training center to increase the effectiveness of mental health services for children, adolescents and young adults and their families in States, counties, Tribes and Territories. The NTAC will provide technical assistance on systems of care development, implementation, sustainability and related policy issues to current and previously funded grantees of the Comprehensive Community Mental Health Services for Children and Their Families Program, also known as the Children's Mental Health Initiative (CMHI). The NTAC will also provide technical assistance to grantees in the State/Community Partnerships to Integrate Services for Youth and Young Adults 16-25 with Serious Mental Health Conditions and Their Families Program (Healthy Transitions Initiative).

Children's mental health is a public health concern. There is a high prevalence of mental health challenges in children with about 10% of children having a serious emotional disturbance, and 20% of children having a diagnosable mental disorder. The onset for 50% of adult mental health challenges is by age 14, and this number rises to 75% by age 24; yet limited resources are devoted to children and their families. There is also a high rate of suicide and depression in young people, with suicide being the third leading cause of death in individuals in the 15-24 year age group, and approximately one in five adolescents and young adult students having suicidal ideation every year.

Since the concept of systems of care for children and youth with serious emotional disturbances was first introduced, there has been significant growth in such systems throughout the country. Increasingly, research and evaluation studies from the CMHI have indicated that children, youth and families benefit from participating in these programs. Improvement has been demonstrated in emotional well-being and behavioral functioning, school performance, reduced contacts with law enforcement, and reduced use of inpatient care. Despite the progress that has been made, many counties across American have yet to benefit from implementing a system of care. Since its inception, the CMHI has impacted nearly 22% of the nation's 3,177 counties, parishes, boroughs, independent cities, geographical census areas, geographical regions and the District of Columbia, and has served over 90,000 children and youth. Grants have also been awarded to 15 Federally recognized Indian Tribes. Given the demonstrated effectiveness of systems of care as one important part of a multi-faceted approach to improving services and systems for youth and their families, and given the absence of such systems of care in many communities, an important next step is to expand the reach of systems of care by bringing them to scale so that they exist in every county and Tribe throughout the country.

The NTAC is one of SAMHSA's infrastructure grant programs. SAMHSA's Infrastructure Grants support an array of activities to help the grantee build a solid foundation for delivering and sustaining effective mental health services. SAMHSA recognizes that each applicant will

start from a unique point in developing infrastructure and will serve populations/communities with specific needs. Awardees may pursue diverse strategies and methods to achieve their infrastructure development and capacity expansion goals. Successful applicants will provide a coherent and detailed conceptual “roadmap” of the process by which they have assessed or intend to assess service system needs and plan/implement infrastructure development strategies that meet those needs. The plan put forward in the grant application must show the linkages among needs, the proposed infrastructure development strategy, and increased system capacity that will enhance and sustain effective programs and services.

As of February 2009, approximately 1.89 million men and women have been deployed to serve in support of overseas contingency operations, including Operation Enduring Freedom (OEF) and Operation Iraqi Freedom (OIF). Individuals returning from Iraq and Afghanistan are at increased risk for suffering post-traumatic stress and other related disorders. Experts estimate that up to one-third of returning veterans will need mental health and/or substance abuse treatment and related services. In addition, the family members of returning veterans have an increased need for related support services. To address these concerns, SAMHSA strongly encourages all applicants to consider the unique needs of returning veterans and their families in developing their proposed project.

The NTAC grant is authorized under Sections 520A and 561 of the Public Health Service Act, as amended. This announcement addresses Healthy People 2010 focus area 18 (Mental Health and Mental Disorders).

2. EXPECTATIONS

The NTAC will provide technical assistance through a variety of knowledge distribution approaches and technologies. Priority areas of focus will include: Strengthening the capacity of States and communities to transform their mental health systems; State planning and policy development to implement family-driven and youth-guided comprehensive systems of care across child-serving systems; family-driven and youth-guided care planning; financing strategies in public and private sectors; data management and accountability; workforce and leadership development; evidence-based and promising practices; early identification and intervention; integration of care with primary health, child-care, schools, child welfare, juvenile justice, and substance abuse; cultural, racial, gender, sexual minority, and geographic disparities; vulnerable population groups; and technology coordination and dissemination.

2.1 Required Activities

The NTAC funds must be used primarily to provide technical assistance and knowledge development to CMHI grantees to support systems of care, including State/Tribe infrastructure development and systems transformation, including the following:

- Needs assessment
- Strategic planning
- Identification and dissemination of policies and financing strategies to support systems of care development

- Financing/coordination of funding streams
- Organizational/structural change (e.g., to create locus of responsibility for a specific issue/population, or to increase access to, or efficiency of, services)
- Development of interagency coordination mechanisms
- Provider/network development
- Policy development to support needed service system improvements (e.g., rate-setting activities, establishment of standards of care, development/revision of credentialing, licensure, or accreditation requirements)
- Quality improvement efforts
- Performance measurement development
- Workforce development (e.g., training, support for licensure, credentialing, or accreditation)
- Coordinate the development of strategies and approaches to sustaining and expanding systems of care
- Create training forums and materials (e.g. conference call, web-based data and technical assistance resources, policy briefs)
- Implement major meetings and activities to promote infrastructure/service capacity expansion (e.g. leadership development)
- Data infrastructure/management information systems (MIS) development

Additionally, the NTAC must:

- Provide technical assistance to the seven grantees funded under the Healthy Transitions Initiative. In addition to technical assistance, the NTAC will plan and coordinate Federal Partners meetings and one annual grantee meeting. Additional information about the Healthy Transitions Initiative is available at the following link: http://samhsa.gov/Grants/2010/sm_10_006.aspx.
- Participate in meetings and workgroups convened by the Council on Collaboration and Coordination (CCC) for the cooperative agreements funded under the CMHI. The CCC is organized by CMHS/SAMHSA to minimize the duplication of effort in the delivery of technical assistance.
- Focus specific attention and dedicate resources on strategies to improve cultural and linguistic competence and responsiveness, and to eliminate racial ethnic, gender, sexual minority and geographic disparities within the health care delivery system. This includes demonstrating the ability to provide technical assistance to ensure that culture, gender, language, disability, sexual orientation and literacy are addressed.
- Coordinate technical assistance efforts with other national organizations to help build knowledge and skills in child, adolescent and family mental health.
- Participate in, facilitate and support the efforts outlined in the Joint Resolution in the Building Bridges Initiative to ensure that children, youth and families have access to a flexible, well coordinated and comprehensive array of appropriate and individualized

mental health services. Additional information about this Initiative is available at: <http://www.systemsofcare.samhsa.gov/hottopics/irt.aspx>.

2.2 Data Collection and Performance Measurement

All SAMHSA grantees are required to collect and report certain data so that SAMHSA can meet its obligations under the Government Performance and Results Act (GPRA). The applicant must document an ability to collect and report the required data in “Section D: Performance Assessment and Data” of your application. Grantees will be required to report performance on training and technical assistance activities related to infrastructure development and/or prevention and mental health promotion. The infrastructure measures are derived from the following domains: policy development; workforce development; financing; organizational restructuring; partnership/collaboration; accountability; types/targets of practices, and cost efficiency. The prevention and mental health promotion measures are derived from the following domains: awareness; training; knowledge/attitudes/beliefs; screening; outreach; referral, and access. SAMHSA grantees are expected to collect and report data only on those domains that are germane to their program. Final determination of the domain/s will be made collaboratively with SAMHSA after award.

Data collected will be entered into the CMHS Transformation Accountability (TRAC) web-based system on a quarterly basis at <https://www.cmhs-gpra.samhsa.gov/index.htm> on data collection forms at Appendix G and Appendix H. Initial training and ongoing technical assistance on the use of the TRAC system will be provided.

Grantees may also be required to collect and report data using baseline and follow-up event surveys that are currently under development. GPRA data will most likely be collected at the end of each event and 30 days post-event (e.g., trainings, distance learning activities, meetings) and be entered into the TRAC Web system.

In addition to the measures listed above, an online customer satisfaction survey of grantee Project Directors (PDs) who received technical assistance from the NTAC will be conducted each year by the TRAC contractor. The purpose of this data collection is to quantify grantee’s satisfaction with the Technical Assistance (TA) provided, assess whether technical assistance provided met a minimum level of competency, and determine the extent to which TA had an impact on grantees’ ability to conduct the grant. Grantee PDs will be asked to complete the survey annually for the duration of their grant; they will be given one month to complete the online survey. Participation is voluntary.

Performance data will be reported to the public, the Office of Management and Budget (OMB) and Congress as part of SAMHSA’s budget request.

2.3 Performance Assessment

Grantees must periodically review the performance data they report to SAMHSA (as required above) and assess their progress and use this information to improve management of their grant activities. The assessment should be designed to help determine whether the identified goals, objectives and outcomes are being achieved and whether adjustments need to be made. The applicant will be required to report on progress achieved, barriers encountered, and efforts to overcome these barriers in a performance assessment report to be submitted at least annually.

At a minimum, the performance assessment should include the required performance measures identified above. The applicant may also consider outcome and process measures, such as the following:

- To what extent were goals such as stimulating the transformation of knowledge, sustaining innovation, transferring technology, training and workforce development and broadening of State-wide participation achieved?
- What was the estimated value added of technical assistance and training activities including such areas as the spread of ideas on how to partner effectively and ensure best practices; the sustainability and long-term effect of partnerships; the amount of new knowledge gained; and the propensity of technical assistance recipients to enhance future partnership activities?
- How much did the technical assistance and training inform decisions about how to improve transformation activities; inform knowledge of which activities are working; and identify areas of challenge and how to improve them?
- To what extent did technical assistance and training efforts contribute to the identification of what are the most effective transformation strategies and what constitute best practices?
- What methods will be used to collect and maintain the necessary records to inform the evaluation?

At a minimum, the performance assessment should include the required performance measures identified above. Grantees may also consider outcome and process questions, such as the following:

Outcome Questions:

- What was the effect of training and technical assistance on participants?
- What program/contextual factors were associated with outcomes?
- What individual factors were associated with outcomes, including race/ethnicity?
- How durable were the effects?

Process Questions:

- How closely did implementation match the plan for delivery of training and technical assistance?
- What types of changes were made to the originally proposed plan?
- What led to the changes in the original plan?
- What effect did the changes have on the planned training and technical assistance and performance assessment? How were continuous quality findings implemented to achieve gains in performance from recipients of training and technical assistance and the performance of the applicant?
- Who provided (program staff) what services (modality, type, intensity, duration), to whom (individual characteristics), in what context (system, community), and at what cost (facilities, personnel, dollars)?

Two progress reports should be submitted annually; the first is a continuation application due in March and the second is a semi-annual report due in September.

No more than 7% of the total grant award may be used for data collection, performance measurement, and performance assessment, e.g., activities required in Sections I-2.2 and 2.3 above.

2.5 Grantee Meetings

Grantees must plan to send a minimum of two people (including the Project Director) to at least two joint grantee meetings in each year of the grant. You must include a detailed budget and narrative for this travel in your budget. At these meetings, grantees will present the results of their projects and Federal staff will provide technical assistance. Each meeting will be no more than 2 days. These meetings are usually held in the Washington, D.C., area and attendance is mandatory.

II. AWARD INFORMATION

Funding Mechanism:	Cooperative Agreement
Anticipated Total Available Funding:	\$3,500,000
Estimated Number of Awards:	1
Estimated Award Amount:	Up to \$3,500,000 per year
Length of Project Period:	Up to 5 years

Proposed budgets cannot exceed \$3,500,000 in total costs (direct and indirect) in any year of the proposed project. Annual continuation awards will depend on the availability of funds, grantee progress in meeting project goals and objectives, timely submission of required data and reports, and compliance with all terms and conditions of award.

This program is being announced prior to the appropriation for FY 2010 for SAMHSA's programs, with funding estimates based on the President's budget request for FY 2010. Applications are invited based on the assumption that sufficient funds will be appropriated for FY 2010 to permit funding of this National Technical Assistance Center. All applicants are reminded, however, that we cannot guarantee that sufficient funds will be appropriated to permit SAMHSA to fund any applications.

Cooperative Agreement

These awards are being made as cooperative agreements because they require substantial post-award Federal programmatic participation in the conduct of the project. Under this cooperative agreement, the roles and responsibilities of grantees and SAMHSA staff are:

Role of Grantee:

- Comply with terms and conditions of the agreement which will be specified in the Notice of Award (NoA);
- Agree to provide SAMHSA with data required for the Government Performance and Results Act (GPRA);
- Cooperate with CMHS staff in accepting guidance and responding to requests for data, including performance assessment data;
- Participate on policy steering committees or other work groups established to facilitate accomplishment of the project goals;
- Author or co-author publications to make results of the project available to other programs impacting children's mental health.
- Assist with the coordination of the Federal National Partnership for Transforming Child and Family Mental Health and Substance Abuse Prevention and Treatment (FNP).
- Participate in the Joint Resolution in the Building Bridges Initiative designed to ensure that children, youth and families have access to a flexible, well coordinated and comprehensive array of appropriate and individualized mental health services. Additional information about this Initiative is available at:
<http://www.systemsofcare.samhsa.gov/hottopics/irt.aspx>

Role of SAMHSA Staff:

- Provide technical assistance to the grantee in implementing project activities throughout the course of the project;
- Review and approve each stage of project activities;
- Monitor grantee's progress in the implementation of program requirements;
- Conduct site visits, if required, to monitor the development of the training and technical assistance activities and/or engage consultants to advise on programmatic issues and conduct site visits;
- Approve GPRA data collection domains.

III. ELIGIBILITY INFORMATION

1. ELIGIBLE APPLICANTS

Eligible applicants are domestic public and private nonprofit entities. For example, State and local governments, federally recognized American Indian/Alaska Native Tribes and tribal organizations, urban Indian organizations, public or private universities and colleges; and community- and faith-based organizations may apply. Tribal organization means the recognized body of any AI/AN Tribe; any legally established organization of American Indians/Alaska Natives which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of American Indians/Alaska Natives in all phases of its activities. Consortia of tribal organizations are eligible to apply, but each participating entity must indicate its approval. The statutory authority for this program prohibits grants to for-profit agencies.

2. COST SHARING and MATCH REQUIREMENTS

Cost sharing/match are not required in this program.

3. OTHER

You must comply with the following requirements, or your application will be screened out and will not be reviewed: use of the PHS 5161-1 application form; application submission requirements in Section IV-3 of this document; and formatting requirements provided in [Appendix A](#) of this document.

IV. APPLICATION AND SUBMISSION INFORMATION

1. ADDRESS TO REQUEST APPLICATION PACKAGE

You may request a complete application kit from the SAMHSA Health Information Network at 1-877-SAMHSA7 [TDD: 1-800-487-4889].

You also may download the required documents from the SAMHSA Web site at <http://www.samhsa.gov/grants/apply.aspx>.

Additional materials available on this Web site include:

- a grant writing technical assistance manual for potential applicants;
- standard terms and conditions for SAMHSA grants;
- guidelines and policies that relate to SAMHSA grants (e.g., guidelines on cultural competence, consumer and family participation, and evaluation); and
- a list of certifications and assurances referenced in item 21 of the SF 424 v2.

2. CONTENT AND GRANT APPLICATION SUBMISSION

2.1 Application Kit

SAMHSA application kits include the following documents:

- PHS 5161-1 (revised July 2000) – Includes the face page (SF 424 v2), budget forms, assurances, certification, and checklist. You must use the PHS 5161-1. **Applications that are not submitted on the required application form will be screened out and will not be reviewed.**
- Request for Applications (RFA) – Provides a description of the program, specific information about the availability of funds, and instructions for completing the grant application. This document is the RFA. The RFA will be available on the SAMHSA Web site (<http://www.samhsa.gov/grants/index.aspx>) and a synopsis of the RFA is available on the Federal grants Web site (<http://www.Grants.gov>).

You must use all of the above documents in completing your application. A complete list of documents included in the application kit is available at <http://www.samhsa.gov/Grants/ApplicationKit.aspx>.

2.2 Required Application Components

Applications must include the required application components (Face Page, Abstract, Table of Contents, Budget Form, Project Narrative and Supporting Documentation, Attachments, Project/Performance Site Location(s) Form, Assurances, Certifications, Disclosure of Lobbying Activities, and Checklist).

- **Face Page** – SF 424 v2 is the face page. This form is part of the PHS 5161-1. [Note: Applicants must provide a Dun and Bradstreet (DUNS) number to apply for a grant or cooperative agreement from the Federal Government. SAMHSA applicants are required to provide their DUNS number on the face page of the application. Obtaining a DUNS number is easy and there is no charge. To obtain a DUNS number, access the Dun and Bradstreet Web site at <http://www.dunandbradstreet.com> or call 1-866-705-5711. To expedite the process, let Dun and Bradstreet know that you are a public/private nonprofit organization getting ready to submit a Federal grant application.]
- **Abstract** – Your total abstract should not be longer than 35 lines. It should include the project name, population to be served (demographics and clinical characteristics), strategies/interventions, project goals and measurable objectives, including the number of people to be served annually and throughout the lifetime of the project, etc. In the first five lines or less of your abstract, write a summary of your project that can be used, if your project is funded, in publications, reporting to Congress, or press releases.
- **Table of Contents** – Include page numbers for each of the major sections of your application and for each attachment.

- **Budget Form** – Use SF 424A, which is part of the PHS 5161-1. Fill out Sections B, C, and E of the SF 424A. A sample budget and justification is included in [Appendix F](#) of this document.
- **Project Narrative and Supporting Documentation** – The Project Narrative describes your project. It consists of Sections A through D. Sections A-D together may not be longer than 50 pages. (Remember that if your Project Narrative starts on page 5 and ends on page 55 it is 51 pages long, not 50 pages.) More detailed instructions for completing each section of the Project Narrative are provided in “Section V – Application Review Information” of this document.
- The Supporting Documentation provides additional information necessary for the review of your application. This supporting documentation should be provided immediately following your Project Narrative in Sections E through H. [**Note: change these letters, as appropriate, based on the sections that are required in the Project Narrative.**] There are no page limits for these sections, except for Section G, Biographical Sketches/Job Descriptions. Additional instructions for completing these sections are included in Section V under “Supporting Documentation.” Supporting documentation should be submitted in black and white (no color).
- **Attachments 1 through 5**– Use only the attachments listed below. If your application includes any attachments not required in this document, they will be disregarded. Do not use more than a total of 30 pages for Attachments 1, 3 and 4 combined. There are no page limitations for Attachments 2 and 5. Do not use attachments to extend or replace any of the sections of the Project Narrative. Reviewers will not consider them if you do. Please label the attachments as: Attachment 1, Attachment 2, etc.
 - *Attachment 1*: Letters of Support
 - *Attachment 2*: Data Collection Instruments/Interview Protocols
 - *Attachment 3*: Sample Consent Forms
 - *Attachment 4*: Letter to the SSA (if applicable; see Section IV-4 of this document)
 - *Attachment 5*: Quantified Infrastructure and Mental Health Promotion Objectives (do not use more than 2 pages for Attachment 5)
- **Project/Performance Site Location(s) Form** – This form is part of the PHS 5161-1. The purpose of this form is to collect location information on the site(s) where work funded under this grant announcement will be performed.
- **Assurances** – Non-Construction Programs. You must read the list of assurances provided on the SAMHSA Web site or in the application kit before signing the face page (SF 424 v2) of the application. You are also required to complete the Assurance of Compliance with SAMHSA Charitable Choice Statutes and Regulations Form SMA 170. This form will be posted on SAMHSA’s Web site with the RFA and provided in the application kits.

- **Certifications** – You must read the list of certifications provided on the SAMHSA Web site or in the application kit before signing the face page (SF 424 v2) of the application.
- **Disclosure of Lobbying Activities** – You must submit Standard Form LLL found in the PHS 5161-1. Federal law prohibits the use of appropriated funds for publicity or propaganda purposes or for the preparation, distribution, or use of the information designed to support or defeat legislation pending before the Congress or State legislatures. This includes “grass roots” lobbying, which consists of appeals to members of the public suggesting that they contact their elected representatives to indicate their support for or opposition to pending legislation or to urge those representatives to vote in a particular way. If no lobbying is to be disclosed, mark N/A on the form.
- **Checklist** – Use the Checklist found in PHS 5161-1. The Checklist ensures that you have obtained the proper signatures, assurances and certifications. If you are submitting a paper application, the Checklist should be the last page.

2.3 Application Formatting Requirements

Please refer to [Appendix A](#), *Checklist for Formatting Requirements and Screenout Criteria for SAMHSA Grant Applications*, for SAMHSA’s basic application formatting requirements. Applications that do not comply with these requirements will be screened out and will not be reviewed.

3. SUBMISSION DATES AND TIMES

Applications are due by close of business on February 10, 2010. Hard copy applications are due by 5:00 PM (Eastern Time). Electronic applications are due by 11:59 PM (Eastern Time).

Applications may be shipped using only Federal Express (FedEx), United Parcel Service (UPS), or the United States Postal Service (USPS).

You will be notified by postal mail that your application has been received.

SAMHSA will not accept or consider any applications that are hand carried or sent by facsimile.

Your application must be received by the application deadline or it will not be considered for review. Please remember that mail sent to Federal facilities undergoes a security screening prior to delivery. You are responsible for ensuring that you submit your application so that it will arrive by the application due date and time.

If an application is mailed to a location or office (including room number) that is not designated for receipt of the application and, as a result, the designated office does not receive your application by the deadline, your application will be considered late and ineligible for review.

SAMHSA accepts electronic submission of applications through <http://www.Grants.gov>. Please refer to [Appendix B](#) for “Guidance for Electronic Submission of Applications.” **If you plan to**

submit electronically through Grants.gov it is very important that you read thoroughly the application information provided in [Appendix B](#) “Guidance for Electronic Submission of Applications.”

4. INTERGOVERNMENTAL REVIEW (E.O. 12372) REQUIREMENTS

This grant program is covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (DHHS) regulation at 45 CFR Part 100. Under this Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. Certain jurisdictions have elected to participate in the EO process and have established State Single Points of Contact (SPOCs). A current listing of SPOCs is included in the application kit and can be downloaded from the Office of Management and Budget (OMB) Web site at http://www.whitehouse.gov/omb/grants_spoc.

- Check the list to determine whether your State participates in this program. You **do not** need to do this if you are an American Indian/Alaska Native Tribe or tribal organization.
- If your State participates, contact your SPOC as early as possible to alert him/her to the prospective application(s) and to receive any necessary instructions on the State’s review process.
- For proposed projects serving more than one State, you are advised to contact the SPOC of each affiliated State.
- The SPOC should send any State review process recommendations to the following address within 60 days of the application deadline. **For United States Postal Service:** Crystal Saunders, Director of Grant Review, Office of Program Services, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD **20857**. ATTN: SPOC – Funding Announcement No. SM-10-006. Change the zip code to **20850** if you are using another delivery service.

In addition, if you are a community-based, non-governmental service provider and you are not transmitting your application through the State, you must submit a Public Health System Impact Statement (PHSIS)¹ to the head(s) of appropriate State and local health agencies in the area(s) to be affected no later than the application deadline. The PHSIS is intended to keep State and local health officials informed of proposed health services grant applications submitted by community-based, non-governmental organizations within their jurisdictions. If you are a State or local government or American Indian/Alaska Native Tribe or tribal organization, you are not subject to these requirements.

¹ Approved by OMB under control no. 0920-0428; Public reporting burden for the Public Health System Reporting Requirement is estimated to average 10 minutes per response, including the time for copying the face page of SF 424 v2 and the abstract and preparing the letter for mailing. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0920-0428. Send comments regarding this burden to CDC Clearance Officer, 1600 Clifton Road, MS D-24, Atlanta, GA 30333, ATTN: PRA (0920-0428).

The PHSIS consists of the following information:

- a copy of the face page of the application (SF 424 v2); and
- a summary of the project, no longer than one page in length, that provides: 1) a description of the population to be served; 2) a summary of the services to be provided; and 3) a description of the coordination planned with appropriate State or local health agencies.

For SAMHSA grants, the appropriate State agencies are the Single State Agencies (SSAs) for substance abuse and mental health. A listing of the SSAs for substance abuse can be found on SAMHSA's Web site at <http://www.samhsa.gov>. A listing of the SSAs for mental health can be found on SAMHSA's Web site at <http://mentalhealth.samhsa.gov/publications/allpubs/SMA01-3509/page4.asp>. If the proposed project falls within the jurisdiction of more than one State, you should notify all representative SSAs.

If applicable, you must include a copy of a letter transmitting the PHSIS to the SSA in **Attachment 4, "Letter to the SSA."** The letter must notify the State that, if it wishes to comment on the proposal, its comments should be sent no later than 60 days after the application deadline to the following address. **For United States Postal Service:** Crystal Saunders, Director of Grant Review, Office of Program Services, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD **20857**. ATTN: SSA – Funding Announcement No. SM-10-006. Change the zip code to **20850** if you are using another delivery service.

In addition:

- Applicants may request that the SSA send them a copy of any State comments.
- The applicant must notify the SSA within 30 days of receipt of an award.

5. FUNDING LIMITATIONS/RESTRICTIONS

Cost principles describing allowable and unallowable expenditures for Federal grantees, including SAMHSA grantees, are provided in the following documents, which are available at <http://www.samhsa.gov/grants/management.aspx>:

- Institutions of Higher Education: OMB Circular A-21
- State and Local Governments and federally Recognized Indian Tribal Governments: OMB Circular A-87
- Nonprofit Organizations: OMB Circular A-122
- Hospitals: 45 CFR Part 74, Appendix E

In addition, SAMHSA's NTAC grant recipients must comply with the following funding restrictions:

- Grant funds must be used for purposes supported by the program.
- No more than 7% of the grant award may be used for data collection and performance assessment expenses.

SAMHSA grantees must also comply with SAMHSA's standard funding restrictions, which are included in [Appendix E](#).

6. OTHER SUBMISSION REQUIREMENTS

You may submit your application in either electronic or paper format:

Submission of Electronic Applications

SAMHSA accepts electronic submission of applications through <http://www.Grants.gov>. Electronic submission is voluntary. No review points will be added or deducted, regardless of whether you use the electronic or paper format.

To submit an application electronically, you must use the <http://www.Grants.gov> apply site. You will be able to download a copy of the application package from <http://www.Grants.gov>, complete it off-line, and then upload and submit the application via the Grants.gov site. E-mail submissions will not be accepted.

Please refer to [Appendix B](#) for detailed instructions on submitting your application electronically.

Submission of Paper Applications

You must submit an original application and 2 copies (including attachments). The original and copies must not be bound. Do not use staples, paper clips, or fasteners. Nothing should be attached, stapled, folded, or pasted.

Send applications to the address below:

For United States Postal Service:

Crystal Saunders, Director of Grant Review
Office of Program Services
Substance Abuse and Mental Health Services Administration
Room 3-1044
1 Choke Cherry Road
Rockville, MD **20857**

Change the zip code to **20850** if you are using another delivery service.

Do not send applications to other agency contacts, as this could delay receipt. Be sure to include “NTAC SM-10-006” in item number 12 on the face page (SF 424 v2) of any paper applications. If you require a phone number for delivery, you may use (240) 276-1199.

V. APPLICATION REVIEW INFORMATION

1. EVALUATION CRITERIA

The Project Narrative describes what you intend to do with your project and includes the Evaluation Criteria in Sections A-D below. Your application will be reviewed and scored according to the quality of your response to the requirements in Sections A-D.

- In developing the Project Narrative section of your application, use these instructions, which have been tailored to this program. **These are to be used instead of the “Program Narrative” instructions found in the PHS 5161-1.**
- The Project Narrative (Sections A-D) together may be no longer than 50 pages.
- You must use the four sections/headings listed below in developing your Project Narrative. Be sure to place the required information in the correct section, **or it will not be considered.** Your application will be scored according to how well you address the requirements for each section of the Project Narrative.
- Reviewers will be looking for evidence of cultural competence in each section of the Project Narrative, and will consider how well you address the cultural competence aspects of the evaluation criteria when scoring your application. SAMHSA’s guidelines for cultural competence can be found on the SAMHSA Web site at <http://www.samhsa.gov/grants/apply.aspx> at the bottom of the page under “Resources for Grant Writing.”
- The Supporting Documentation you provide in Sections E-H and Attachments 1-5 will be considered by reviewers in assessing your response, along with the material in the Project Narrative.
- The number of points after each heading is the maximum number of points a review committee may assign to that section of your Project Narrative. Although scoring weights are not assigned to individual bullets, each bullet is assessed in deriving the overall Section score.

Section A: Statement of Need (10 points)

- Describe the proposed technical assistance recipients and methods used to engage them.
- Document the need for enhanced technical assistance to increase the capacity to implement, sustain, and improve effective mental health services. Documentation of need may come from local data or trend analyses, State data (e.g., from State Needs

Assessments, SAMHSA's National Survey on Drug Use and Health), and/or national data (e.g., from SAMHSA's National Survey on Drug Use and Health or from National Center for Health Statistics/Centers for Disease Control reports). For data sources that are not well known, provide sufficient information on how the data were collected so reviewers can assess the reliability and validity of the data.

- Describe the service gaps, barriers and other problems related to the need for technical assistance. Describe the stakeholders and resources that can help implement the needed infrastructure development.
- Non-tribal applicants must show that identified needs are consistent with priorities of the State or county that has primary responsibility for the service delivery system. Tribal applicants must provide similar documentation relating to tribal priorities.

Section B: Proposed Approach (40 points)

- Clearly state the purpose of the proposed project, with goals and objectives. Describe how achievement of goals will increase system capacity to support effective mental health services/transformation.
- Describe the technical assistance, infrastructure and/or prevention and mental health promotion activities that you plan to conduct during the grant project. Include details about the anticipated number of activities that will be implemented for each of these areas during the grant period. In **Attachment 5** of your application, provide a table quantifying your proposed objectives and corresponding indicators during each year of the grant. (See the CMHS-TRAC Infrastructure Indicators from Appendix G and/or the CMHS-TRAC Prevention and Mental Health Promotion Indicators from Appendix H for sample indicators.)
- Describe the proposed project. Provide evidence that the proposed activities meet the technical assistance needs and show how your proposed technical assistance strategy will meet the goals and objectives.
- Using your knowledge of the language, beliefs, norms, values and socioeconomic factors of the technical assistance recipients, discuss how the proposed approach addresses these issues.
- Provide a logic model that demonstrates the linkage between the identified need, the proposed approach, and outcomes. (See [Appendix C](#) for a sample logic model.)
- If you plan to include an advisory body in your project, describe its membership, roles and functions, and frequency of meetings.
- Describe any other organizations that will participate and their roles and responsibilities. Demonstrate their commitment to the project. Include letters of

commitment/coordination/support from these community organizations in **Attachment 1** of your application.

- Describe how the proposed project will address issues of age, race, ethnicity, culture, language, sexual orientation, disability, literacy, and gender.
- Describe how potential technical assistance recipients were involved in the preparation of the application, and how they will be involved in the planning, implementation, and performance assessment of the project.
- Describe the potential barriers to successful conduct of the proposed project and how you will overcome them.
- Describe how your activities will improve mental health services/transformation.

Section C: Staff, Management, and Relevant Experience (30 points)

- Provide a realistic time line for the entire project period (chart or graph) showing key activities, milestones, and responsible staff. [Note: The time line should be part of the Project Narrative. It should not be placed in an attachment.]
- Discuss the capability and experience of the applicant organization and other participating organizations with similar projects and populations, including experience in providing culturally appropriate/competent services.
- Provide a complete list of staff positions for the project, showing the role of each and their level of effort and qualifications. Include the Project Director and other key personnel.
- Discuss how key staff have demonstrated experience in serving the technical assistance recipients and are familiar with their culture and language. If the technical assistance recipients are multicultural and multilingual, describe how the staff are qualified to serve them.
- Describe the resources available for the proposed project (e.g., facilities, equipment).

Section D: Performance Assessment and Data (20 points)

- Describe how data will be used to manage the project and assure continuous quality improvement, including consideration of disparate outcomes for different racial/ethnic groups. Describe how information related to process and outcomes will be routinely communicated to program staff.
- Describe your plan for conducting the performance assessment as specified in Section I-2.3 of this RFA and document your ability to conduct the assessment.

NOTE: Although the budget for the proposed project is not a scored review criterion, the Review Group will be asked to comment on the appropriateness of the budget after the merits of the application have been considered.

SUPPORTING DOCUMENTATION

Section E: Literature Citations. This section must contain complete citations, including titles and all authors, for any literature you cite in your application.

Section F: Budget Justification, Existing Resources, Other Support. You must provide a narrative justification of the items included in your proposed budget, as well as a description of existing resources and other support you expect to receive for the proposed project. Be sure to show that no more than 20% of the total grant award will be used for data collection and performance assessment. An illustration of a budget and narrative justification is included in [Appendix F](#) of this document.

Section G: Biographical Sketches and Job Descriptions.

- Include a biographical sketch for the Project Director and other key positions. Each sketch should be 2 pages or less. If the person has not been hired, include a position description and/or a letter of commitment with a current biographical sketch from the individual.
- Include job descriptions for key personnel. Job descriptions should be no longer than 1 page each.
- Information on what should be included in biographical sketches and job descriptions can be found on page 22, Item 6, in the Program Narrative section of the PHS 5161-1 instruction page, available on the SAMHSA Web site.

Section H: Confidentiality and SAMHSA Participant Protection/Human Subjects: You must describe procedures relating to Confidentiality, Participant Protection and the Protection of Human Subjects Regulations in Section H of your application, using the guidelines provided below.

Confidentiality and Participant Protection:

Because of the confidential nature of the work in which many SAMHSA grantees are involved, it is important to have safeguards protecting individuals from risks associated with their participation in SAMHSA projects. All applicants must address the seven elements below. If some are not applicable or relevant to the proposed project, simply state that they are not applicable and indicate why. In addition to addressing these seven elements, read the section that follows entitled Protection of Human Subjects Regulations to determine if the regulations may apply to your project. If so, you are required to describe the process you will follow for obtaining Institutional Review Board (IRB) approval. While we encourage you to keep your responses brief, there are no page limits for this section and no points will be assigned by the Review Committee. Problems with confidentiality, participant protection, and the protection of

human subjects identified during peer review of the application must be resolved prior to funding.

1. Protect Clients and Staff from Potential Risks

- Identify and describe any foreseeable physical, medical, psychological, social, and legal risks or potential adverse effects as a result of the project itself or any data collection activity.
- Describe the procedures you will follow to minimize or protect participants against potential risks, **including risks to confidentiality**.
- Identify plans to provide guidance and assistance in the event there are adverse effects to participants.
- Where appropriate, describe alternative treatments and procedures that may be beneficial to the participants. If you choose not to use these other beneficial treatments, provide the reasons for not using them.

2. Fair Selection of Participants

- Describe the population(s) of focus for the proposed project. Include age, gender, and racial/ethnic background and note if the population includes homeless youth, foster children, children of substance abusers, pregnant women, or other targeted groups.
- Explain the reasons for including groups of pregnant women, children, people with mental disabilities, people in institutions, prisoners, and individuals who are likely to be particularly vulnerable to HIV/AIDS.
- Explain the reasons for including or excluding participants.
- Explain how you will recruit and select participants. Identify who will select participants.

3. Absence of Coercion

- Explain if participation in the project is voluntary or required. Identify possible reasons why participation is required, for example, court orders requiring people to participate in a program.
- If you plan to compensate participants, state how participants will be awarded incentives (e.g., money, gifts, etc.). Provide justification that the use of incentives is appropriate, judicious, and conservative and that incentives do not provide an “undue inducement” which removes the voluntary nature of participation. Incentives should be the minimum amount necessary to meet the programmatic and performance assessment goals of the

- State how volunteer participants will be told that they may receive services intervention even if they do not participate in or complete the data collection component of the project.

4. Data Collection

- Identify from whom you will collect data (e.g., from participants themselves, family members, teachers, others). Describe the data collection procedures and specify the sources for obtaining data (e.g., school records, interviews, psychological assessments, questionnaires, observation, or other sources). Where data are to be collected through observational techniques, questionnaires, interviews, or other direct means, describe the data collection setting.
- Identify what type of specimens (e.g., urine, blood) will be used, if any. State if the material will be used just for evaluation or if other use(s) will be made. Also, if needed, describe how the material will be monitored to ensure the safety of participants.
- Provide in **Attachment 2, “Data Collection Instruments/Interview Protocols,”** copies of all available data collection instruments and interview protocols that you plan to use.

5. Privacy and Confidentiality

- Explain how you will ensure privacy and confidentiality. Include who will collect data and how it will be collected.
- Describe:
 - How you will use data collection instruments.
 - Where data will be stored.
 - Who will or will not have access to information.
 - How the identity of participants will be kept private, for example, through the use of a coding system on data records, limiting access to records, or storing identifiers separately from data.

NOTE: If applicable, grantees must agree to maintain the confidentiality of alcohol and drug abuse client records according to the provisions of **Title 42 of the Code of Federal Regulations, Part II.**

6. Adequate Consent Procedures

- List what information will be given to people who participate in the project. Include the type and purpose of their participation. Identify the data that will be collected, how the data will be used and how you will keep the data private.
- State:
 - Whether or not their participation is voluntary.
 - Their right to leave the project at any time without problems.
 - Possible risks from participation in the project.
 - Plans to protect clients from these risks.
- Explain how you will get consent for youth, the elderly, people with limited reading skills, and people who do not use English as their first language.

NOTE: If the project poses potential physical, medical, psychological, legal, social or other risks, you **must** obtain written informed consent.

- Indicate if you will obtain informed consent from participants or assent from minors along with consent from their parents or legal guardians. Describe how the consent will be documented. For example: Will you read the consent forms? Will you ask prospective participants questions to be sure they understand the forms? Will you give them copies of what they sign?
- Include, as appropriate, sample consent forms that provide for: (1) informed consent for participation in service intervention; (2) informed consent for participation in the data collection component of the project; and (3) informed consent for the exchange (releasing or requesting) of confidential information. The sample forms must be included in **Attachment 3, “Sample Consent Forms”**, of your application. If needed, give English translations.

NOTE: Never imply that the participant waives or appears to waive any legal rights, may not end involvement with the project, or releases your project or its agents from liability for negligence.

- Describe if separate consents will be obtained for different stages or parts of the project. For example, will they be needed for both participant protection in treatment intervention and for the collection and use of data?
- Additionally, if other consents (e.g., consents to release information to others or gather information from others) will be used in your project, provide a description of the consents. Will individuals who do not consent to having individually identifiable data collected for evaluation purposes be allowed to participate in the project?

7. Risk/Benefit Discussion

- Discuss why the risks are reasonable compared to expected benefits and importance of the knowledge from the project.

Protection of Human Subjects Regulations

SAMHSA expects that most grantees funded under this announcement will not have to comply with the Protection of Human Subjects Regulations (45 CFR 46), which requires Institutional Review Board (IRB) approval. However, in some instances, the applicant’s proposed performance assessment design may meet the regulation’s criteria for research involving human subjects. For assistance in determining if your proposed performance assessment meets the criteria in 45 CFR 46, Protection of Human Subjects Regulations, refer to the SAMHSA decision tree on the SAMHSA Web site, under “Applying for a New SAMHSA Grant,” <http://www.samhsa.gov/grants/apply.aspx>.

In addition to the elements above, applicants whose projects must comply with the Human Subjects Regulations must fully describe the process for obtaining IRB approval. While IRB approval is not required at the time of grant award, these grantees will be required, as a condition of award, to provide documentation that an Assurance of Compliance is on file with the Office for Human Research Protections (OHRP). IRB approval must be received in these cases prior to enrolling participants in the project. General information about Human Subjects Regulations can be obtained through OHRP at <http://www.hhs.gov/ohrp>, or ohrp@osophs.dhhs.gov, or (240) 453-6900. SAMHSA–specific questions should be directed to the program contact listed in [Section VII](#) of this announcement.

2. REVIEW AND SELECTION PROCESS

SAMHSA applications are peer-reviewed according to the evaluation criteria listed above. For those programs where the individual award is over \$100,000, applications also must be reviewed by the appropriate National Advisory Council.

Decisions to fund a grant are based on:

- the strengths and weaknesses of the application as identified by peer reviewers and, when applicable, approved by the Center for Mental Health Services’ National Advisory Council;
- availability of funds.

VI. ADMINISTRATION INFORMATION

1. AWARD NOTICES

After your application has been reviewed, you will receive a letter from SAMHSA through postal mail that describes the general results of the review, including the score that your application received.

If you are approved for funding, you will receive an **additional** notice through postal mail, the Notice of Award (NoA), signed by SAMHSA's Grants Management Officer. The Notice of Award is the sole obligating document that allows you to receive Federal funding for work on the grant project.

If you are not funded, you may re-apply if there is another receipt date for the program.

2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

- If your application is funded, you must comply with all terms and conditions of the grant award. SAMHSA's standard terms and conditions are available on the SAMHSA Web site at <http://www.samhsa.gov/grants/management.aspx>.
- If your application is funded, you must also comply with the administrative requirements outlined in 45 CFR Part 74 or 45 CFR Part 92, as appropriate. For more information see the SAMHSA Web site (<http://www.samhsa.gov/grants/management.aspx>).
- Depending on the nature of the specific funding opportunity and/or your proposed project as identified during review, SAMHSA may negotiate additional terms and conditions with you prior to grant award. These may include, for example:
 - actions required to be in compliance with confidentiality and participant protection/human subjects requirements;
 - requirements relating to additional data collection and reporting;
 - requirements relating to participation in a cross-site evaluation;
 - requirements to address problems identified in review of the application; or
 - revised budget and narrative justification.
- If your application is funded, you will be held accountable for the information provided in the application relating to performance targets. SAMHSA program officials will consider your progress in meeting goals and objectives, as well as your failures and strategies for overcoming them, when making an annual recommendation to continue the grant and the amount of any continuation award. Failure to meet stated goals and objectives may result in suspension or termination of the grant award, or in reduction or withholding of continuation awards.
- Grant funds cannot be used to supplant current funding of existing activities. "Supplant" is defined as replacing funding of a recipient's existing program with funds from a Federal grant.
- In an effort to improve access to funding opportunities for applicants, SAMHSA is participating in the U.S. Department of Health and Human Services "Survey on Ensuring Equal Opportunity for Applicants." This survey is included in the application kit for SAMHSA grants and is posted on the SAMHSA Web site at <http://www.samhsa.gov/grants/downloads/SurveyEnsuringEqualOpp.pdf>. You are

encouraged to complete the survey and return it, using the instructions provided on the survey form.

3. REPORTING REQUIREMENTS

In addition to the data reporting requirements listed in Section I-2.3, you must comply with the following reporting requirements:

3.1 Progress and Financial Reports

- You will be required to submit two annual progress reports; the first is a continuation application due in March and the second is a semi-annual report due in September, and final progress reports, as well as annual and final financial status reports.
- Because SAMHSA is extremely interested in ensuring that capacity for treatment and prevention services can be sustained, your progress reports should explain plans to ensure the sustainability of technical assistance efforts initiated under this grant.
- If your application is funded, SAMHSA will provide you with guidelines and requirements for these reports at the time of award and at the initial grantee orientation meeting after award. SAMHSA staff will use the information contained in the reports to determine your progress toward meeting its goals.

3.2 Government Performance and Results Act (GPRA)

The Government Performance and Results Act (GPRA) mandates accountability and performance-based management by Federal agencies. To meet the GPRA requirements, SAMHSA must collect performance data (i.e., “GPRA data”) from grantees. The performance requirements for SAMHSA’s NTAC grant program are described in Section I-2.2 of this document under “Data Collection and Performance Measurement.”

3.3 Publications

If you are funded under this grant program, you are required to notify the Government Project Officer (GPO) and SAMHSA’s Publications Clearance Officer (240-276-2130) of any materials based on the SAMHSA-funded grant project that are accepted for publication.

In addition, SAMHSA requests that grantees:

- Provide the GPO and SAMHSA Publications Clearance Officer with advance copies of publications.
- Include acknowledgment of the SAMHSA grant program as the source of funding for the project.

- Include a disclaimer stating that the views and opinions contained in the publication do not necessarily reflect those of SAMHSA or the U.S. Department of Health and Human Services, and should not be construed as such.

SAMHSA reserves the right to issue a press release about any publication deemed by SAMHSA to contain information of program or policy significance to the substance abuse treatment/substance abuse prevention/mental health services community.

VII. AGENCY CONTACTS

For questions about program issues contact:

Michele Herman
Child, Adolescent and Family Branch
Division of Service and Systems Improvement
Center for Mental Health Services
Substance Abuse and Mental Health Services Administration
1 Choke Cherry Road
Room 6-1041
Rockville, Maryland 20857
(240) 276-1924
michele.herman@samhsa.hhs.gov

For questions on grants management and budget issues contact:

Gwendolyn Simpson
Office of Program Services, Division of Grants Management
Substance Abuse and Mental Health Services Administration
1 Choke Cherry Road

Rockville, Maryland 20857
(240) 276-1408
gwendolyn.simpson@samhsa.hhs.gov

Appendix A – Checklist for Formatting Requirements and Screenout Criteria for SAMHSA Grant Applications

SAMHSA's goal is to review all applications submitted for grant funding. However, this goal must be balanced against SAMHSA's obligation to ensure equitable treatment of applications. For this reason, SAMHSA has established certain formatting requirements for its applications. If you do not adhere to these requirements, your application will be screened out and returned to you without review.

- Use the PHS 5161-1 application form.
- Applications must be received by the application due date and time, as detailed in Section IV-3 of this grant announcement.
- Information provided must be sufficient for review.
- Text must be legible. Pages must be typed in black ink, single-spaced, using a font of Times New Roman 12, with all margins (left, right, top, bottom) at least one inch each. (For Project Narratives submitted electronically, see separate requirements in Section IV-6 of this announcement under “Submission of Electronic Applications.”)
- To ensure equity among applications, page limits for the Project Narrative cannot be exceeded.
- Paper must be white paper and 8.5 inches by 11.0 inches in size.

To facilitate review of your application, follow these additional guidelines. Failure to adhere to the following guidelines will not, in itself, result in your application being screened out and returned without review. However, the information provided in your application must be sufficient for review. Following these guidelines will help ensure your application is complete, and will help reviewers to consider your application.

- The application components required for SAMHSA applications should be included and submitted in the following order:
 - Face Page (Standard Form 424 v2, which is in PHS 5161-1)
 - Abstract
 - Table of Contents
 - Budget Form (Standard Form 424A, which is in PHS 5161-1)
 - Project Narrative and Supporting Documentation
 - Attachments
 - Project/Performance Site Location(s) Form
 - Disclosure of Lobbying Activities (Standard Form LLL, which is in PHS 5161-1)
 - Checklist (a form in PHS 5161-1)

- Applications should comply with the following requirements:
- Provisions relating to confidentiality and participant protection specified in Section V-1 of this announcement.
- Budgetary limitations as specified in Sections I, II, and IV-5 of this announcement.
- Documentation of nonprofit status as required in the PHS 5161-1.
- Pages should be typed single-spaced in black ink with one column per page. Pages should not have printing on both sides.
- Pages should be numbered consecutively from beginning to end so that information can be located easily during review of the application. The abstract page should be page 1, the table of contents should be page 2, etc. The four pages of Standard form 424 v2 are not to be numbered. Attachments should be labeled and separated from the Project Narrative and budget section, and the pages should be numbered to continue the sequence.
- The page limits for Attachments stated in [Section IV-2.2](#) of this announcement should not be exceeded.
- Send the original application and two copies to the mailing address in [Section IV-6](#) of this document. Please do not use staples, paper clips, and fasteners. Nothing should be attached, stapled, folded, or pasted. Do not use heavy or lightweight paper or any material that cannot be copied using automatic copying machines. Odd-sized and oversized attachments such as posters will not be copied or sent to reviewers. Do not include videotapes, audiotapes, or CD-ROMs.

Appendix B – Guidance for Electronic Submission of Applications

If you would like to submit your application electronically, you may search <http://www.Grants.gov> for the downloadable application package by the funding announcement number (called the opportunity number) or by the Catalogue of Federal Domestic Assistance (CFDA) number. You can find the CFDA number on the first page of the funding announcement.

You must follow the instructions in the User Guide available at the <http://www.Grants.gov> apply site, on the Help page. In addition to the User Guide, you may wish to use the following sources for help:

- By e-mail: support@Grants.gov
- By phone: 1-800-518-4726 (1-800-518-GRANTS). The Grants.gov Contact Center is available 24 hours a day, 7 days a week, excluding Federal holidays.

If this is the first time you have submitted an application through Grants.gov, you must complete three separate registration processes before you can submit your application. Allow at least two weeks (10 business days) for these registration processes, prior to submitting your application. The processes are: 1) DUNS Number registration; 2) Central Contractor Registry (CCR) registration; and 3) Grants.gov registration (Get username and password.). **REMINDER: CCR registration expires each year and must be updated annually.**

Please also allow sufficient time for enter your application into Grants.gov. When you submit your application you will receive a notice that your application is being processed and that you will receive two e-mails from Grants.gov. within the next 24-48 hours. One will confirm receipt of the application in Grants.gov and the other will indicate that the application was either successfully validated by the system (with a tracking number) or rejected due to errors. It will also provide instructions that if you do not receive a receipt confirmation **and** a validation confirmation or a rejection e-mail within 48 hours, you must contact Grants.gov directly. Please note that it is incumbent on the applicant to monitor their application to ensure that it is successfully received and validated by Grants.gov. **If your application is not successfully validated by Grants.gov it will not be forwarded to SAMHSA as the receiving institution.**

It is strongly recommended that you submit your grant application using Microsoft Office 2003 products (e.g., Microsoft Word 2003, Microsoft Excel, etc.). The new Microsoft Vista operating system and Microsoft Word 2007 products are not currently accepted by Grants.gov. If you do not have access to Microsoft Office 2003 products, you may submit PDF files. Directions for creating PDF files can be found on the Grants.gov Web site. Use of file formats other than Microsoft Office or PDF may result in your file being unreadable by our staff.

The Project Narrative must be a separate document in the electronic submission. Formatting requirements for SAMHSA grant applications are described in [Appendix A](#) of this announcement. These requirements also apply to applications submitted electronically, with the

following exceptions only for Project Narratives submitted electronically in Microsoft Word. These requirements help ensure the accurate transmission and equitable treatment of applications.

- *Text legibility:* Use a font of Times New Roman 12, line spacing of single space, and all margins (left, right, top, bottom) of at least one inch each. Adhering to these standards will help to ensure the accurate transmission of your document.
- *Amount of space allowed for Project Narrative:* The Project Narrative for an electronic submission may not exceed 25,750 words. **If the Project Narrative for an electronic submission exceeds the word limit, the application will be screened out and will not be reviewed.** To determine the number of words in your Project Narrative document in Microsoft Word, select file/properties/statistics.

Keep the Project Narrative as a separate document. Please consolidate all other materials in your application to ensure the fewest possible number of attachments. Be sure to label each file according to its contents, e.g., “Attachments 1-3”, “Attachments 4-5.”

Ensure all pages in your application are numbered consecutively, with the exception of the standard forms in the PHS-5161 application package. **Documents containing scanned images must also contain page numbers to continue the sequence.** Failure to comply with these requirements may affect the successful transmission and consideration of your application.

Applicants are strongly encouraged to submit their applications to Grants.gov early enough to resolve any unanticipated difficulties prior to the deadline. After you electronically submit your application, you will receive an automatic acknowledgement from Grants.gov that contains a Grants.gov tracking number. It is important that you retain this number. **Receipt of the tracking number is the only indication that Grants.gov has successfully received and validated your application. If you do not receive a Grants.gov tracking number, you may want to contact the Grants.gov help desk for assistance.**

If you are submitting any documentation that cannot be submitted electronically, please send a hard copy to the address below. [SAMHSA no longer requires submission of a signed paper original of the face page (SF 424 v2) or the assurances (SF 424B)]. **You must include the Grants.gov tracking number for your application on these documents. The documents must be received at the following address within 5 business days after your electronic submission.** Delays in receipt of these documents may impact the score your application receives or the ability of your application to be funded.

For United States Postal Service:

Crystal Saunders, Director of Grant Review
Office of Program Services
Substance Abuse and Mental Health Services Administration
Room 3-1044
1 Choke Cherry Road

Rockville, MD **20857**
ATTN: Electronic Applications

For other delivery services, change the zip code to 20850.

If you require a phone number for delivery, you may use (240) 276-1199.

Appendix C – Sample Logic Model

A logic model is a tool to show how your proposed project links the purpose, goals, objectives, and tasks stated with the activities and expected outcomes or “change” and can help to plan, implement, and assess your project. The model also links the purpose, goals, objectives, and activities back into planning and evaluation. A logic model is a picture of your project. It graphically shows the activities and progression of the project. It should also describe the relationships among the resources you put in (inputs), the strategies you use, the infrastructure changes that occur, what takes place (outputs), and what happens or results (outcomes). Your logic model should form a logical chain of “if-then” relationships that enables you to demonstrate how you will get to your desired outcomes with your available resources. Because your logic model requires you to be specific about your intended outputs and outcomes, it can be a valuable resource in assessing the performance of your project by providing you with specific outputs (objectives) and outcomes (goals) that can be measured.

The graphic on the following page provides an example of a logic model that links the inputs to strategies, the strategies to infrastructure changes, the infrastructure changes to outputs, and the outputs to outcomes (goals).

Your logic model should be based on a review of your Statement of Need, in which you state the conditions that gave rise to the project with your target group. A properly targeted logic model will show a logical pathway from inputs to intended outcomes, in which the included outcomes address the needs identified in the Statement of Need.

Examples of **Inputs** depicted in the sample logic model include Federal policies, funding, and requirements; federally sponsored technical assistance; site-specific context items (e.g., populations; site characteristics, e.g., political and geographical; previous activities, policies, etc.; infrastructure, e.g., planning capability & other resources; pre-existing outcomes); and performance data.

Examples of **Strategies** depicted in the sample logic model that are developed as a result of these inputs include initial grant activities, e.g., formation of a steering committee, etc., which in turn leads to a needs assessment and inventory of resources (e.g., development process and conclusion). This in turn leads to a strategic plan (e.g., development process and content). Finally, these strategies result in change/project management mechanisms.

Examples of the **Infrastructure Changes** depicted in the sample logic model that result from the strategies discussed above include such things as policy changes, workforce training, financing changes, organizational changes, improved data collection and use, and changes to service delivery.

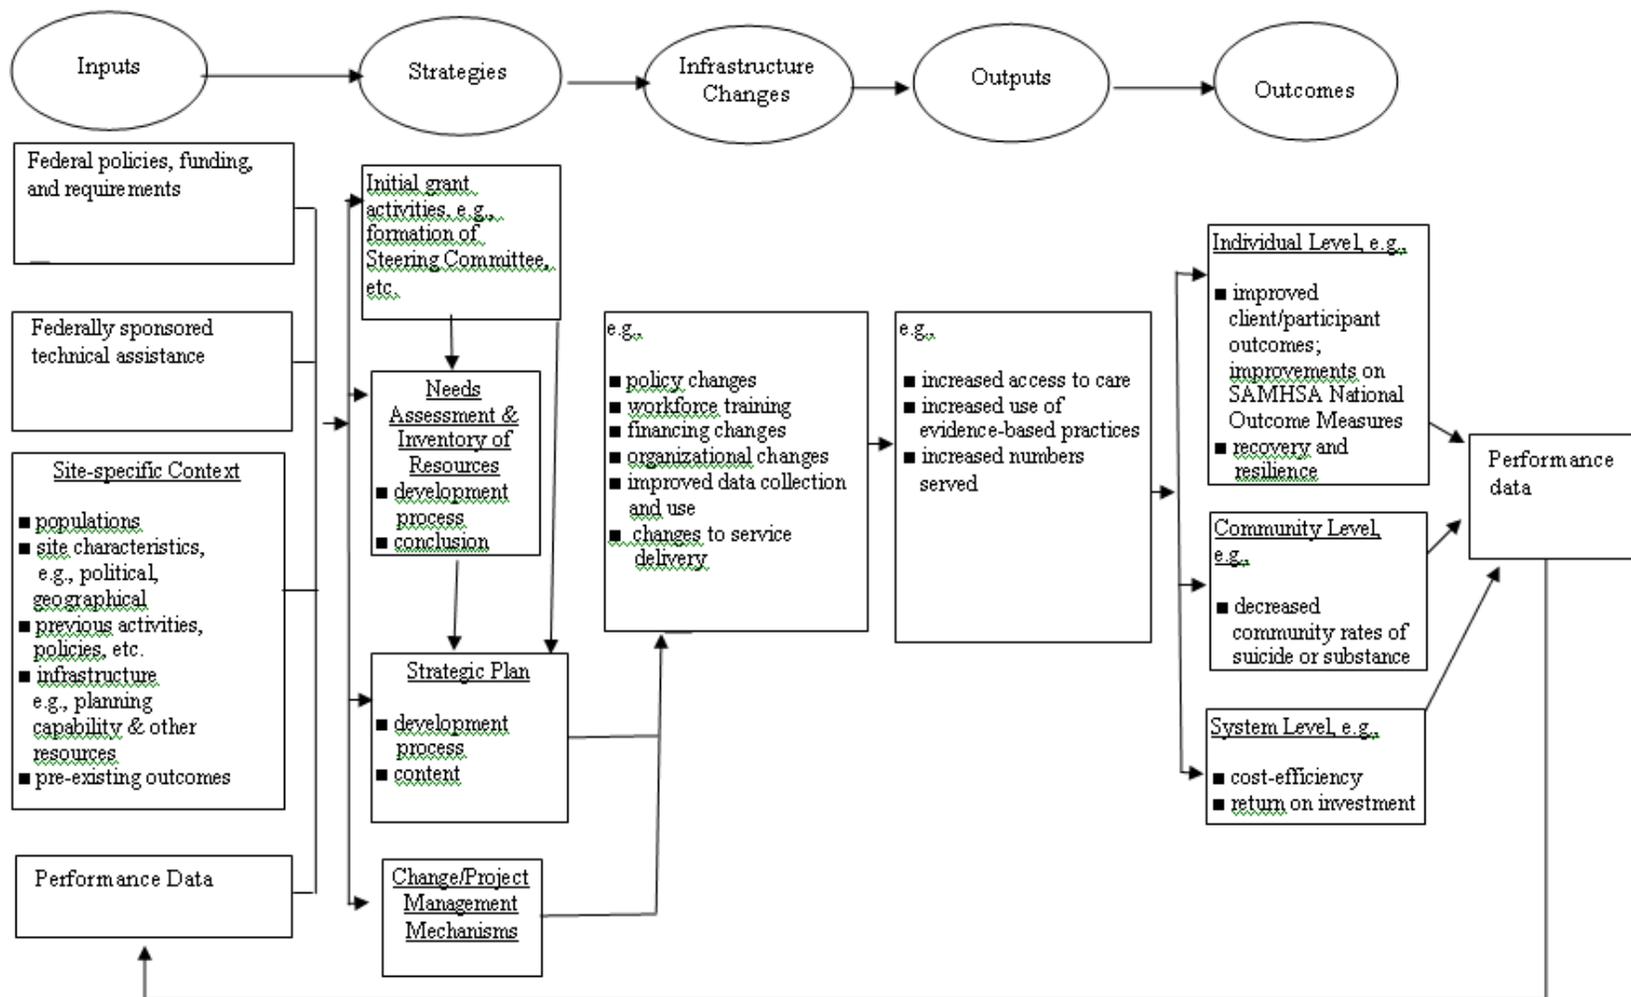

Outputs from these infrastructure changes depicted in the sample logic model include such things as increased access to care, increased use of evidence-based practices, and increased numbers served.

These outputs lead to **Outcomes** at the individual level, community level, and system level. Examples of individual level outcomes depicted in the sample logic model include improved client/participant outcomes; improvements on SAMHSA National Outcomes Measures; and recovery and resilience. Community level outcomes depicted include decreased community rates of suicide or substance abuse. System level outcomes depicted include cost-efficiency and return on investment.

The outcomes produce performance data which lead back to the performance data under **Inputs** in the sample logic model, as performance data both result from and inform the process.

[Note: The logic model presented is not a required format and SAMHSA does not expect strict adherence to this format. It is presented only as a sample of how you can present a logic model in your application.]

Appendix E – Funding Restrictions

SAMHSA grant funds must be used for purposes supported by the program and may not be used to:

- Pay for any lease beyond the project period.
- Provide services to incarcerated populations (defined as those persons in jail, prison, detention facilities, or in custody where they are not free to move about in the community).
- Pay for the purchase or construction of any building or structure to house any part of the program. (Applicants may request up to \$75,000 for renovations and alterations of existing facilities, if necessary and appropriate to the project.)
- Provide residential or outpatient treatment services when the facility has not yet been acquired, sited, approved, and met all requirements for human habitation and services provision. (Expansion or enhancement of existing residential services is permissible.)
- Pay for housing other than residential mental health and/or substance abuse treatment.
- Provide inpatient treatment or hospital-based detoxification services. Residential services are not considered to be inpatient or hospital-based services.
- Make direct payments to individuals to induce them to enter prevention or treatment services. However, SAMHSA discretionary grant funds may be used for non-clinical support services (e.g., bus tokens, child care) designed to improve access to and retention in prevention and treatment programs.
- Make direct payments to individuals to encourage attendance and/or attainment of prevention or treatment goals. However, SAMHSA discretionary grant funds may be used for non-cash incentives of up to \$20 to encourage attendance and/or attainment of prevention or treatment goals when the incentives are built into the program design and when the incentives are the minimum amount that is deemed necessary to meet program goals. SAMHSA policy allows an individual participant to receive more than one incentive over the course of the program. However, non-cash incentives should be limited to the minimum number of times deemed necessary to achieve program outcomes. A grantee or treatment or prevention provider may also provide up to \$20 cash or equivalent (coupons, bus tokens, gifts, child care, and vouchers) to individuals as incentives to participate in required data collection follow up. This amount may be paid for participation in each required interview.

- Food is generally unallowable unless it's an integral part of a conference grant or program specific, e.g., children's program, residential.
- Implement syringe exchange programs, such as the purchase and distribution of syringes and/or needles.
- Pay for pharmacologies for HIV antiretroviral therapy, sexually transmitted diseases (STD)/sexually transmitted illnesses (STI), TB, and hepatitis B and C, or for psychotropic drugs.

SAMHSA will not accept a "research" indirect cost rate. The grantee must use the "other sponsored program rate" or the lowest rate available.

Appendix F – Sample Budget and Justification (no match required)

THIS IS AN ILLUSTRATION OF A SAMPLE DETAILED BUDGET AND NARRATIVE JUSTIFICATION WITH GUIDANCE FOR COMPLETING SF 424A: SECTION B FOR THE BUDGET PERIOD

A. Personnel: an employee of the applying agency whose work is tied to the application

FEDERAL REQUEST

Position	Name	Annual Salary/Rate	Level of Effort	Cost
Project Director	John Doe	\$64,890	10%	\$ 6,489
Coordinator	To be selected	\$46,276	100%	\$46,276
			TOTAL	\$52,765

JUSTIFICATION: Describe the role and responsibilities of each position.

The Project Director will provide daily oversight of the grant and will be considered a key staff position. The coordinator will coordinate project services and project activities, including training, communication and information dissemination. Key staff positions requires prior approval of resume and job description.

FEDERAL REQUEST (enter in Section B column 1 line 6a of form SF424A) **\$52,765**

B. Fringe Benefits: List all components of fringe benefits rate

FEDERAL REQUEST

Component	Rate	Wage	Cost
FICA	7.65%	\$52,765	\$4,037
Workers Compensation	2.5%	\$52,765	\$1,319
Insurance	10.5%	\$52,765	\$5,540
		TOTAL	\$10,896

JUSTIFICATION: Fringe reflects current rate for agency.

FEDERAL REQUEST (enter in Section B column 1 line 6b of form SF424A) **\$10,896**

C. Travel: Explain need for all travel other than that required by this application. Local travel policies prevail.

FEDERAL REQUEST

Purpose of Travel	Location	Item	Rate	Cost
Grantee Conference	Washington, DC	Airfare	\$200/flight x 2 persons	\$400
		Hotel	\$180/night x 2 persons x 2 nights	\$720
		Per Diem (meals)	\$46/day x 2 persons x 2 days	\$184
Local travel		Mileage	3,000 miles@.38/mile	\$1,140
			TOTAL	\$2,444

JUSTIFICATION: Describe the purpose of travel and how costs were determined.

Cost for two staff to attend a grantee meeting in Washington, DC. Local travel is needed to attend local meetings, project activities, and training events. (Be as specific as possible regarding events and conference names and locations.) Local travel rate is based on the grantee organization’s policies and procedures privately owned vehicle (POV) reimbursement rate.

FEDERAL REQUEST (enter in Section B column 1 line 6c of form SF424A) **\$2,444**

D. Equipment: an article of tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit – federal definition.

FEDERAL REQUEST – (enter in Section B column 1 line 6d of form SF424A) **\$ 0**

E. Supplies: materials costing less than \$5,000 per unit and often having one-time use

FEDERAL REQUEST

Item(s)	Rate	Cost
General office supplies	\$50/mo. x 12 mo.	\$600
Postage	\$37/mo. x 8 mo.	\$296
Laptop Computer*	\$900	\$900
Printer*	\$300	\$300
Projector*	\$900	\$900
Copies	8000 copies x .10/copy	\$800
TOTAL		\$3,796

JUSTIFICATION: Describe need and include explanation of how costs were estimated.

Office supplies, copies and postage are needed for general operation of the project. The laptop computer is needed for both project work and presentations. The projector is needed for presentations and workshops. All costs were based on retail values at the time the application was written.

*Provide adequate justification and need for purchases.

FEDERAL REQUEST – (enter in Section B column 1 line 6e of form SF424A) **\$ 3,796**

F. Contract: A consultant is an individual retained to provide professional advice for a fee. A contract provides services for a fee. The grantee must have procurement policies and procedures governing their use of consultants and contracts that are consistently applied among all the organization’s projects.

FEDERAL REQUEST

Name	Service	Rate	Other	Cost
Joan Doe	Training staff	\$150/day	15 days	\$2,250
	Travel	.38/mile	360 miles	\$137
TOTAL				\$2,387

JUSTIFICATION: Explain the need for each agreement and how they relate to the overall project.

This person will advise staff on ways to increase the number clients and client services. Consultant is expected to make up to 6 trips (each trip a total of 60 miles) to meet with staff and other local and government experts. Mileage rate is based on grantee’s POV reimbursement rate.

FEDERAL REQUEST

Entity	Product/Service	Cost
To Be Announced	Marketing Coordinator \$25/hour x 115 hours	\$2,300
ABC, Inc.	Evaluation \$65/hr x 70 days	\$4,500
TOTAL		\$6,800

JUSTIFICATION: Explain the need for each agreement and how they relate to the overall project.

The Marketing Coordinator will develop a marketing plan to include public education and outreach efforts to engage clients of the community about grantee activities, provision of presentations at public meetings and community events to stakeholders, community civic organizations, churches, agencies, family groups and schools. Information disseminated by written or oral communication, electronic resources, etc. A local evaluator will be contracted to produce the outcomes and report input of GPRA data.

FEDERAL REQUEST – (enter in Section B column 1 line 6f of form SF424A) **\$ 9,187**
 (combine the total of consultant and contact)

G. Construction: NOT ALLOWED – Leave Section B columns 1&2 line 6g on SF424A blank.

H. Other: expenses not covered in any of the previous budget categories

FEDERAL REQUEST

Item	Rate	Cost
Rent*	\$15/sq.ft x 700 sq. feet	\$10,500
Telephone	\$100/mo. x 12 mo.	\$1,200
Client Incentives	\$10/client follow up x 278 clients	\$2,784
Brochures	.89/brochure X 1500 brochures	\$1,335
	TOTAL	\$15,819

JUSTIFICATION: Break down costs into cost/unit, i.e. cost/square foot. Explain the use of each item requested.

Office space is included in the indirect cost rate agreement; however, other service site rental costs are necessary for the project as well as telephone service to operate the project. The rent is calculated by square footage and reflects SAMHSA’s share of the space. The monthly telephone costs reflect the % of effort for the personnel listed in this application for the SAMHSA project only. Brochures will be used at various community functions (health fairs and exhibits) once per month throughout the service area.

*If rent is requested (direct or indirect), provide the name of the owner(s) of the space/facility. If anyone related to the project owns the building which is less than an arms length arrangement, provide cost of ownership/use allowance calculations since mortgage costs are unallowable.

FEDERAL REQUEST – (enter in Section B column 1 line 6h of form SF424A) **\$ 15,819**

Indirect cost rate: Indirect costs can only be claimed if your organization has a negotiated indirect cost rate agreement. It is applied only to direct costs to the agency as allowed in the indirect cost rate agreement.

For information on applying for the indirect rate go to: samhsa.gov then click on Grants – Grants Management – HHS Division of Cost Allocation – Regional Offices.

FEDERAL REQUEST (enter in Section B column 1 line 6j of form SF424A)
 8% of salaries and wages and fringe benefits (.08 x \$63,661) **\$5,093**

BUDGET SUMMARY: (identical to SF-424A)

Category	Federal Request
Salaries & Wages	\$52,765
Fringe Benefits	\$10,896
Travel	\$2,444
Equipment	0
Supplies	\$3,796
Contractual	\$9,187
Other	\$15,819
Total Direct Costs*	\$94,907
Indirect Costs	\$5,093
Total Project Costs	\$100,000

*** TOTAL DIRECT COSTS:**
FEDERAL REQUEST – (enter in Section B column 1 line 6i of form SF424A) **\$94,907**

TOTAL PROJECT COSTS: Sum of Total Direct Costs and Indirect Costs
FEDERAL REQUEST (enter in Section B column 1 line 6k of form SF424A) **\$100,000**

Appendix G - CMHS-TRAC Infrastructure Categories and Indicators

Policy Development

1. The number of policy changes completed as a result of the grant.
2. The number of organizations or communities that demonstrate improved readiness to change their systems in order to implement mental health-related practices as a result of the grant.

Workforce Development

3. The number of organizations or communities implementing mental health-related training programs as a result of the grant.
4. The number of people in the mental health and related workforce trained in specific mental health-related practices as a result of the grant.
5. The number of people credentialed/certified to provide specific mental health-related practices as a result of the grant.
6. The number of changes made to credentialing and licensing policies in order to incorporate expertise needed to improve mental health-related practices as a result of the grant.
7. The number of consumers who provide mental health-related services as a result of the grant.

Financing

8. The amount of funding for mental health-related practices obtained as a result of the grant (not including funds from this CMHS grant).
9. The number of changes to financing policies to fund and/or improve mental health-related practices specified within the grant.
10. The amount of pooled or braided funding with other agencies used for mental health services and supports specified within the grant.

Organizational Change

11. The number of organizational changes made to support improvement of mental health-related practices as a result of the grant.

Partnership/Collaborations

12. The number of organizations that entered into formal written inter-organizational agreements (e.g., MOUs/ MOAs) to improve mental health-related practices as a result of the grant.
13. The number of organizations collaborating/coordinating/sharing resources with other organizations as a result of the grant.

Accountability

14. The number of organizations making changes to accountability mechanisms in order to improve mental health practices as a result of the grant.

15. The numbers of organizations that regularly obtain, analyze, and share data on mental health-related results as a result of the grant.
16. The number of communities with management information system or information technology system links across multiple agencies to share service population and service delivery data.
17. The number and percentage of members of advisory groups that monitor mental health-related practices specified within the grant who are consumers.
18. The number of consumers representing consumer organizations who are involved in mental health-related planning activities specified within the grant.
19. The number of consumers who are involved in evaluating mental health-related practices specified within the grant.

Types/Targets of Practices

20. The number of programs/organizations/communities utilizing mental health-related practices specified by the grant.
21. The number of programs/organizations/communities utilizing evidence-based mental health-related practices as a result of the grant.
22. The number of people receiving evidence-based mental health-related services as a result of the grant.

Appendix H – CMHS TRAC Prevention and Promotion Categories and Indicators

Awareness

1. The number of individuals exposed to mental health awareness messages.

Training

2. The number of individuals who have received training in prevention or mental health promotion.

Knowledge/Attitudes/Beliefs

3. The number and percentage of individuals who have demonstrated improvement in knowledge attitudes/beliefs related to prevention and/or mental health promotion.

Screening

4. The number of individuals screened for mental health or related interventions.

Outreach

5. The number of individuals contacted through program outreach efforts.
6. The total number of contacts made through program outreach efforts.

Referral

7. The number of individuals referred to mental health or related services.

Access

8. The number and percentage of individuals receiving mental health or related services after referral.
